PROFESSIONAL EXPERIENCE

OBJECTIVE

Full Stack Software Development

Full-stack developer leveraging a theatre arts background to drive ambitious projects to completion. Experience with MVC, microservices, relational and NoSQL databases, Lean Agile software methodology, building/consuming REST APIs, as well as GraphQL Migration.

My diverse experience working on over 50+ theatre productions gave me a diligent work ethic, strong collaboration skills, and the ability to adapt to a variety of adverse conditions. As the director of a new theatre program I have experience in leadership and project management.

Hoping to connect with a sticky team that shares my values of Excellence, Boldness, Wisdom, Creativity, and Joy to inspire next-gen artists and builders.
